INFORMATION DISCLOSURE STATEMENT

This Information Disclosure Statement is hereby submitted in accordance with 37 CFR 1.98 and pursuant to Applicant's continuing duty under 37 CFR 1.56 to bring any information which may be material to patentability of this application to the Examiner's attention.

Applicant makes no representation that a complete search has been conducted by the Applicant, or that there is not possibly more relevant art. Applicant also makes no representation that the information submitted herewith is in fact material.

- [X] No copies enclosed: The publications listed on the enclosed Form PTO 1449 have been previously cited by or submitted to the PTO as recited in the Information Disclosure Statement Transmittal that accompanies this paper. In accordance with the provisions of 37 C.F.R. 1.98(d), no copies of these publications are being provided.
- [X] <u>Copies enclosed:</u> Copies of the publications listed on the enclosed Form PTO 1449 are being provided with this Information Disclosure Statement and are identified by an asterisk proceeding the publication. These items were listed

l

in the International Search Report dated 09 April 1998 and were not cited in the applications/patents from which this application is continued.

[X]The enclosed publications were cited in a foreign examination report in a related case. A copy of the search report and the cited references are attached hereto. The search report is not in the English language and a translation of the search report is enclosed. [] At least one of the enclosed publications is not in the English language. [] English translation(s) are enclosed. [] Enclosed is an explanation of the relevance of non-English publications for which an English translation is not available. The explanation is in the form of an English language search report.

The subject application is believed patentable over any of the above references.

Respectfully submitted,
